

## AARP CHAPTERS

Through their work in AARP Chapters, AARP members are demonstrating the power of volunteer service to help address key issues in their community. AARP Chapters are nongovernmental, nonpartisan, non-profit community service organizations.

- **Get Involved.** Chapters play a strategic role in partnering with state and national AARP to truly make a difference.
- **Make new friends.** Chapters are gathering places for people whose diverse interests and experience are united in a shared spirit of fellowship through service.
- **Develop your potential.** Whether you're a born leader or a leader in the making, the chapter setting allows you to lead and motivate others.
- **Have an Impact.** Members contribute their skills, abilities and experience to AARP's efforts to build better communities.

At AARP, we call it the power to make it better.
